

Corporate Governance Statement 2019

Imdex Limited

ASX Governance Principles and ASX Recommendations

The Australian Securities Exchange Corporate Governance Council sets out best practice recommendations, including corporate governance practices and suggested disclosures (**ASX Recommendations**). ASX Listing Rule 4.10.3 requires companies to disclose the extent to which they have complied with the ASX Recommendations and to give reasons for not following them.

Unless otherwise indicated the ASX Recommendations including corporate governance practices and suggested disclosures, have been adopted by Imdex Limited (**Imdex or Company**) for the full year ended 30 June 2019. In addition, the Company has a Corporate Governance section on its website: www.imdexlimited.com (under the “About Us” heading) which includes the relevant documentation suggested by the ASX Recommendations.

The Imdex Group’s Corporate Governance Statement (**Statement**) for the financial year ending 30 June 2019 is dated as at 30 June 2019 and was approved by the Board of Imdex Limited (**Board**) on 15 August 2019. The extent to which Imdex has complied with the ASX Recommendations during the year ended 30 June 2019, and the main corporate governance practices in place are set out below.

Principle 1: Lay solid foundations for management and oversight

(i) Roles and Responsibilities of Board and Management

The Board has implemented a Board Charter that formalises the functions and responsibilities of the Board. Matters specifically reserved to the board are set out in the charter. The charter is published on the Company’s website.

The Board delegates day to day management of the business and operations of the Company to the Senior Management team according to the Company’s Delegation of Authority Policy and Guidelines. The corporate governance policies, charters and procedures have been updated during this financial year to reflect changes in the law and developments in Imdex’s corporate governance structure and practices.

(ii) Procedure for the selection and appointment of new Directors to the Board

The Company has published on its website, procedures for the selection and appointment of new Directors to the Board. The Company also has terms and conditions which govern the appointment of Non Executive Directors. These are subject to the Company’s Constitution and the Corporations Act 2001, and cover: appointment, retirement, corporate governance, remuneration, Board meetings, and Board Committees.

The Board does not impose on Directors an arbitrary time limit on their tenure. Under the Company’s Constitution and the ASX Listing Rules however, each Director must retire by rotation within a three year period following their appointment. In such cases, the Director’s nomination for re-election should be based on performance and the needs of the Company.

All Directors are subject to a written agreement which sets out the terms of their appointment.

(iii) Company Secretary

The Company Secretary is accountable directly to the Board, through the Chair, on all matters to do with the proper functioning of the Board.

(iv) Diversity

The Company has adopted a Diversity Policy to guide the Company's employees and Board in developing and achieving its diversity objectives. The policy is published on the Company's website.

The Company values diversity among its workforce and seeks to employ, retain and develop employees for the long term, assisting in their development and the development of the culture and values of the Company. This is done by promoting the value of different perspectives, ideas and benefits brought by engaging employees from all available talent.

The Company seeks to develop a culture of diversity within the Company whereby a mix of skills and diverse backgrounds are employed by the Company at all levels. The Company strives to:

- develop and maintain a diverse and skilled workforce through transparent recruitment processes;
- promote an inclusive workplace culture that values and utilises the contributions of all employees' backgrounds, experiences and perspective through improved awareness of the benefits of workforce diversity; and
- facilitate diversity in the workplace by developing programs that promote growth for all employees, so each employee may reach their full potential, and providing maximum benefit for the Company; and
- set measureable objectives to encourage diversity within the Company.

At 30 June 2019:

- of the Board positions, four (80%) were held by males, and one (20%) was held by a female.
- of 9 senior executive* positions, 7 (78%) were held by males, and two (22%) were held by a female.
- of 511 full time employees, 388 (76%) were male and 123 (24%) were female.

*Senior executives are defined as being persons reporting to the Managing Director.

(v) Evaluating Performance

Board performance is measured primarily by means of monitoring Group profitability and share price performance in the market. However, the Board also has responsibility for overseeing management in instilling the Company's values and ensuring the remuneration framework is aligned with the Company's purpose, values and strategic objectives, and risk appetite. Individual Director performance is also measured by way of monitoring meeting attendance and individual contributions made at these meetings.

Annually: (a) the Chairperson meets with each non-executive director separately to discuss individual contribution to the Board, overall board dynamics and opportunities for improvement; and (b) all Board members meet to undertake a group collective review and discussion such that every member is given the opportunity to provide feedback to the Chairperson and each other member.

The Chairperson provides regular and ongoing feedback to each individual director in regard to their performance and the Board members are encouraged to provide each other with feedback on an informal and ongoing basis and to maintain an open and transparent dialogue with respect to all communications.

During the reporting period the performance of the Board was evaluated in accordance with this process.

The performance of senior executives is measured against prescribed criteria as set by the Remuneration Committee. These criteria are set annually and individual performance is assessed annually. A review of senior executives' performance was conducted in the reporting period.

Principle 2: Structure the Board to be effective and add value

(i) Board Remuneration and Nomination Committee

The Remuneration and Nomination Committee consists of three Non Executive Directors and assists the Board to:

- ensure that they have the appropriate balance of skills, knowledge, experience, independence and diversity to enable it to discharge its duties and responsibilities effectively;
- determine executive remuneration policy,
- determine the remuneration of Executive Directors; and
- review and approve the remuneration of senior management.

The Remuneration and Nomination Committee operates under a written charter that is published on the Company’s website.

(ii) Board Skills Matrix

The Board seeks to have an appropriate mix of skills, experience, expertise and diversity to enable it to discharge its responsibilities and add value to the Company.

The following table sets out the mix of skills and experience the Board considers necessary or desirable and the extent to which they are represented on the current Board and its Committees.

(iv) Board Independence

Directors are expected to bring independent judgement to the decision making of the Board. To facilitate this, each Director has the right to seek independent legal advice at the Group’s expense with the prior approval of the Chairman, which may not be unreasonably withheld.

In assessing Director independence, materiality has been determined from both a quantitative and qualitative perspective. An amount of over 5% of turnover is considered material. Similarly, a transaction of any amount, or a relationship, is deemed material if knowledge of it impacts, or may impact, the Shareholders’ understanding of the Director’s performance. The Board has conducted a review of each Director’s independence and reports as follows:

executives and the Board committees. Additionally, all new Directors are encouraged to meet with other Directors, senior executives and senior managers to gain insight into relevant operational and corporate matters.
